Gentlemen:

This is in response to your request for Material Safety Data Sheets for the following items:

L-880-66 (DPM 86-Clear)  
L-880F-66 (DPM 87-Clear)

These two items are part of an obsolete vinyl system and we have not furnished them to Douglas Aircraft Company for a number of years. If you will check with your process engineering department we are sure they will confirm these materials are no longer being used.

Very truly yours,

*R.H. Stearns*
